

Seventh Tokyo Conference on Advanced Catalytic Science and Technology

TOCAT7 Kyoto2014

Announcement for Exhibition Booth and Advertising Opportunities

To whom it may concern,

We, the organizing committee, are pleased to announce that there will be exhibition and advertising opportunities at the Seventh Tokyo Conference on Advanced Catalytic Science and Technology (TOCAT7 Kyoto2014) held at Kyoto TERRSA in Kyoto from 1st through 6th June, 2014. Catalysis Society of Japan will organize this conference as a continuation of TOCAT(1990), TOCAT2(1994), TOCAT3(1998), TOCAT4(2002), TOCAT5 in Tokyo, and TOCAT6/APCAT5(2010) in Sapporo.

Many domestic and international organizations such as the private companies, publishers, and research institutes, exhibited their novel technologies in the booths and also advertised their business in the past six TOCAT conferences. Approximately 1,000 participants are expected to attend TOCAT7 and many of them will enjoy having new and useful information from each organization at the booth. The details are given in the enclosed document. Discount is available in case that an organization applies for both the booth and advertising. Organizations that have an interest in the Exhibition Booth and Advertising are kindly requested to fill in the attached application form (Word file) and send it to the following contact by E-mail or Fax, no later than 31st(Fri) January, 2014.
