

CURRICULUM VITAE

Name: Wha-Seung Ahn

Present Position: Professor

Address: Department of Chemical Engineering, Inha University, Incheon, Korea.

E-Mail: whasahn@inha.ac.kr

Date of birth: August 05, 1955

- Education:

1974–1977: Univ. of New South Wales (Sydney, Australia), School of Chemical Engineering (B.E)

1978–1979: Univ. of New South Wales, School of Chemical Engineering & Industrial Chemistry (M.App.Sc)

1979–1983: Univ. of New South Wales, School of Chemical Engineering & Industrial Chemistry (Ph.D)

- Career:

1985-Present: Inha University, Department of Chemical Engineering

- Service:

- President of the Korean Zeolite Association (2010.01-2011.12)

- Chairman of the catalysis division in Korean Institute of Chemical Engineering (2010.01-2011.12)

- IACS (International Association of Catalysis Societies) council member representing Korea (2009.03-present)

- Applied Catalysis A: General, Editor (2016 – present)

- Research: Published approximately 300 papers in international journals.

Topic: **Synthesis and applications porous materials for catalysis and adsorption**
